FOUNDRYMEN, Miners and Machinists, find the Ivory Soap the best to wash up with after work is done. It removes dirt and grease quickly, and is easily rinsed off, leaving the skin soft and smooth. Ivory Soap floats, so if dropped into the water is not lost, for it rises quickly to the top and floats like a chip. Ivory Soap lasts long and costs but little.

A WORD OF WARNING.

There are many white soaps, said represented to be "just as good as the 'Ivory'," they ARE NOT, but like all counterfeits, lack the positive and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Controls by Letters Patent the transmission of written messages by telegraph, and are prepared to establish central office exchanges similar to those of the telephone.

Communications are written with pen and ink in the handwriting of the person writing the message.

The use in the office of the subscriber or sending the message makes a facsimile of every letter or bill so made with the pen in the office of the person writing it.

All messages are recorded on the instrument of a subscriber whether present or absent, for the particular address.

Furniture, Curtains, Drapery.

Our patrons will discover a *RADICAL CHANGE* in prices, and that we are selling (as before announced) at a *smaller percentage* than has ever been attempted by any Furniture House. This we can do; with more room, at a little more than half our former rental, better facilities and expenses largely decreased; one week's experience has fixed our determination on this point.
